INTERSOCIETAL ACCREDITATION COMMISSION
VASCULAR TESTING

IAC accreditation is the **"seal of approval"** patients can count on.

You are receiving testing in a facility that has demonstrated a commitment to quality patient care in the field of vascular testing.

Patients can rely on accreditation as an indication that the facility performing their examination has made a commitment to providing quality testing for the diagnosis of vascular disease. This accredited facility has been carefully critiqued on all aspects of its operations considered relevant by medical experts in the field of vascular testing.

Accreditation by IAC means ...

- This facility has undergone a thorough review of its operational and technical components by a panel of experts in the field.
- This facility upholds processes that are in compliance with national standards.
- This facility has standards in place for patient and personnel safety.
- This facility's accreditation is valid for a period of three years.
- **As a patient, you can have confidence the IAC-accredited facility performing your imaging is committed to quality patient care.**
